

**“I refuse** to give  
up on the  
idea of going  
to college.”

I just needed the right job so I could afford to go. And I needed to figure out a way to balance school, work and the rest of my life.

**“That’s why I looked  
into CRCP.”**

The Chicagoland Regional College Program said they’d pay for my college if I worked part time at UPS. And with the other program benefits, I get to keep more of my paycheck. They delivered on their promise and now I’m halfway to my degree.

Click or call to learn more  
about CRCP and reserve your  
spot at our next open house.
